I. General introduction

The Scholarship for Christian Young People is a scholarship programme (hereinafter: Scholarship Programme), founded by the Government of Hungary in the spirit of its solidarity policy towards persecuted Christian minorities. The Scholarship Programme was introduced by Government Decree 120/2017 (VI. 1.) The Minister carries out the implementation of the Scholarship Programme by performing the tasks specified in Section 4 of the Scholarship Decree through the Hungary Helps Agency Non-Profit Limited Liability Company (hereinafter: the Hungary Helps Agency).

The core mission of the Scholarship Programme is to provide opportunities to pursue higher education studies in Hungarian host institutions for Christian youth living in crisis regions of the world who are exposed to religious persecution, threats or restrictions on the exercise of free religion in their home country. A further aim of the Scholarship Programme is to contribute to the social appreciation of professionals returning to their home countries and to the prosperity of these communities in their home country.

II.1.6. Applicants can choose one study programme of one institution. The chosen study programme and the details of the submitted application cannot be changed after the submission of the application.

The documents that can be submitted subsequently and the deadline for application in order are set out in the Call for applications currently in force. If the applicant does not submit the documents required for the application by the deadline specified in the call for applications, the applicant will be excluded from the application process without any further notification.

II.1.9. During the application process, the Hungary Helps Agency and the participating higher education institutions may not charge any fees to applicants.

II.1.10. The basic principle of the application process is to promote equal treatment, student diversity and the support of persons of excellence whose community is exposed to religious persecution, threats, or restrictions on the freedom of religion in their country of origin.

II.1.11. In the framework of the Scholarship Programme, studies can only be pursued through full-time study programmes.

II.2. The order of the preparation and the announcement of the call for applications

II.2.1. The call for student applications is prepared by the Hungary Helps Agency. The language of the Call for Applications is English. The call includes

- a) the application conditions;
- b) the application deadline;
- c) the evaluation criteria;
- d) the current amount of the monthly stipend provided to students;

- e) the requirements for academic advancement;
- f) the study programmes that can be applied for;
- g) the ecclesiastical Christian denominations and rites from which applications can be submitted; and
- h) the main obligations of the applicants who receive the scholarship.

The Hungary Helps Agency sends the Call for Applications to the Minister for approval and, taking into account the opinions, on behalf of the Minister, the call for applications is published by the Hungary Helps Agency on its website.

II.2.2. The Hungary Helps Agency sends the call for applications to the competent authorities and to the higher education institutions participating in the Scholarship Programme.

II.3. The order of the selection procedure

II.3.1. Applicants shall submit their application materials, after registration, on the dedicated website online. The Hungary Helps Agency is responsible for the operation of the online application system. Following the publication of the call for applications, the online application system will be opened by the Hungary Helps Agency. In order to conduct the application, the higher education institutions receive the access rights from the Agency.

II.3.2. The Hungary Helps Agency, after a technical and formal check, forwards applications received by the deadline to the State Secretariat in order to verify the authenticity of the enclosed recommendations issued by Churches.

II.3.3. The State Secretariat prepares the verification of the recommendations by the given deadline and sends it back to the Hungary Helps Agency.

II.3.4. If the number of valid applications exceeds twice the number of admissible student capacity available, valid applications with certificates may be forwarded by the State Secretariat to the relevant partner churches for nomination. The State Secretariat may give preference to the candidates of the partner churches with which the Hungary Helps Agency is currently carrying out or in the future will carry out support projects, thereby also helping that, on the recommendation of the churches, the most appropriate and committed students can participate in the Scholarship Programme, thus helping the prosperity of the Christian communities remaining in their home country to the greatest extent.

II.3.5. The competent partner churches will prepare their candidate rankings by the deadline and send them back to the State Secretariat as a candidate list.

II.3.6. The Hungary Helps Agency shall also be entitled to examine candidate lists received after the deadline, and the application materials of applicants on the lists may be forwarded to university entrance examinations, provided that the higher education institutions have the reasonable time required to complete the admission procedures.

II.3.7. The Hungary Helps Agency contacts the higher education institutions concerned and forwards applications with approved church recommendation for the admission procedure.

II.3.8. The institutions check the applications formally and conduct their admission procedures until the specified deadline according to the ANHE and their own internal regulations. The final result and evaluation of the procedure, converted to a hundred-point scale, will be recorded on the online application interface by the specified deadline. The final result of the procedure can be "accepted", "conditionally accepted", "formally rejected" or "rejected". Only those applicants can be accepted conditionally who cannot present the documents proving their qualifications or language proficiency during the procedure due to other ongoing procedures. Only applicants who have successfully completed a minimum of 56 points out of a maximum of 100 points during the admission procedure will be eligible to receive an accepted or conditionally accepted final result in the admission procedure. In the case of an admission score of less than 56 points, the applicant's admission score will be considered rejected and no scholarship will be awarded.

II.3.9. The Hungary Helps Agency will allocate the accepted and conditionally accepted applicants taking into consideration the following aspects:

II.3.9.1. In the case of applicants who can be supported, the capacity of the programme must be taken into account on the basis of the institution's previous statement (minimum and maximum capacity).

- a) Derogation is allowed from the minimum and maximum capacity specified in the institution's application according to the institution's indication.
- b) During the capacity examination, candidates with the higher ranking must be given priority and the admission exam scores will be decisive in case of equal ranking.
- c) After the capacity examination, the applicants will be divided into a category of students recommended for support and another category of students to be rejected due to capacity shortage.

II.3.9.2. In order to apply for doctoral studies, the applicant must be supported in writing by a researcher teaching at a doctoral school accredited in Hungary. The recommendation must be uploaded to the application interface by the deadline specified in the call for applications.

II.3.9.3. If a study programme is not initiated, the Agency may forward the applicant's application to the same study programme at another institution, depending on whether there is free capacity for the study programme. In this case, the new institution may decide on acceptance or rejection after examining the application material.

II.3.10. If the available funds are insufficient, the list of applicants belonging to the category recommended for support may be narrowed by the Hungary Helps Agency based on the nominations of the partner churches and the admission results.

II.3.11. The Hungary Helps Agency will draw up a list of eligible applicants based on the results of the application. The Director General will present the list to the State Secretary. The State Secretary will present the proposal to the Minister responsible for the Aid of Persecuted Christians and for the Hungary Helps Program, on the basis of which the Minister prepares his proposal for scholarship grant and sends it to the Minister of Higher Education for a decision.

II.3.12. On the basis of the recommendation of the Minister, the Minister for Higher Education shall decide on the result of the application required for the award of the scholarship. The Hungary Helps Agency will inform applicants and host institutions of the decision of the Minister for Higher Education.

After the notification of the applicants who have won the scholarship, the number of semesters of the scholarship awarded to them, the host institution of the scholarship holders and the study programme at which the scholarship holders may begin their studies are determined. No appeal may lie against the decision of the Minister for Higher Education.

The list of scholarship holders is sent by the Hungary Helps Agency to the immigration authority specified by Act XXXIV of 1994 on Police (hereinafter: competent immigration authority), the Consular Department of the Ministry of Foreign Affairs and Trade and the relevant embassies in order to facilitate their entry to Hungary.

II.3.13. Scholarship holders can begin their studies at the study programme which they have been admitted to. After the decision on the allocation of scholarship holders is made, the study programme of the applicant can only be changed in justified cases (e.g. the programme is not launched), considering the capacity of the programmes and the available funds. In justified cases (e.g. the programme is not launched), the applicant may be transferred to a similar or the same study programme of another institution, with the consent of the applicant and the institutions. If the applicant cannot be transferred to a similar study programme of another institution, the original host institution of the scholarship holder may forward the applicant to one of its other study programmes participating in the scholarship programme with the consent of the applicant. Reallocation of applicants requires a decision from the Hungary Helps Agency.

III. Rules applying to scholarship holders

III.1. The acceptance of the scholarship (online)

III.1.1. Scholarship candidates indicate in the online application interface, whether they accept the scholarship offer and whether they provide further documents as their possible obligation under point II.1.6. Applicants who do not accept their scholarship offer by the deadline are qualified as withdrawn from the scholarship.

III.1.2. The applicant who was awarded the scholarship is entitled to start their studies in the semester which they were admitted to as a result of the admission procedure, except if the scholarship holder's request for postponement according to III.5.1 is approved.

III.1.3. A scholarship holder who fails to enrol by the deadline set by their host institution or by 30 September at the latest in the autumn semester, and 28 February in the spring semester, shall not be eligible for the scholarship.

This requires that the scholarship holder submit a request to the Hungary Helps Agency describing the reasons and circumstances of the severe threat, justifying the need for the complementary allowance and indicating its exact amount. The request is forwarded by the Hungary Helps Agency to the Minister for Higher Education, who makes a decision on awarding the allowance within 30 days.

III.2.3. The scholarship holder must register in person at the international office of the host institution at the beginning of each semester. The HFL course is free for the scholarship holders.

III.2.7. If the scholarship holder does not comply with the obligation set out in point III.2.6., the amount of the scholarship as set out in point III.2.2. b.) of the Operational Regulations shall be reduced. The cases and extent of the reduction of the scholarship are contained in the Implementation Guide.

III.2.8. Institutions are entitled to an additional support HUF 50,000/person/academic year, to which they are entitled on the basis of first-year scholarship holders who are subject to the obligation to attend the HFL course according to the Implementation Guide.

III.5.2. The requests for postponement are decided on by the Hungary Helps Agency on a case-by-case basis.

III.5.3. If postponement is granted, the institution will issue a new Letter of Acceptance on the basis of the admission results for that year, taking into account the later date of enrolment, on the basis of which the Hungary Helps Agency will also issue a new Letter of Award.

III.5.4. Those scholarship holders who have already arrived in Hungary and enrolled in a higher education institution are not entitled to request any postponement. A postponement can be requested only once and only for one school year as a maximum.
